DISCIPLINE AND GUIDANCE

Montessori approaches to discipline focus on mutual respect. Since students are choosing their own activities (or, likewise, choosing NOT to do an activity), they establish "ownership" with their educational experience, and are far less likely to act inappropriately. Discipline rules are "generally kept to a minimum, stated and presented in a positive manner with an emphasis on safety, respect for others / environment, and the results benefit all members of the group".

Discipline procedures in a Montessori school tend to reflect nurturing and sensitivity, stress personal responsibility, and are utilized to maintain an environment of freedom and comfort.

All parents are required in Section 10M-12.013 to be notified in writing of the Disciplinary Practices used at a childcare facility
